

COVA Peace Network- Adopt a Destitute Rohingya Refugee Program

COVA Peace Network

Profiles of 125 Destitute Rohingya Refugee Families for Rations Support: 2025-26

COVA Peace Network started work with refugees in 2010 as the partner of UNHCR (United Nations High Commissioner for Refugees) when there were only 400 refugees in Hyderabad from 6 countries- including 40 Rohingya refugees from Myanmar. The genocides of Rohingya Refugees in Myanmar in 2011 and 2017 found a large influx and now there are around 2000 Rohingya Refugee Families comprising 8000 persons in Hyderabad living in pathetic conditions.

While many of the refugees are able to work and COVA has also provided grants to about 300 families to start their small businesses to earn a living, there are always 125 to 140 families who are destitute and cannot earn a living on their own and even when some of them do some menial jobs, they earn between 2500 to 4000 per month that is grossly insufficient to survive as it also includes paying rent.

COVA Peace Network started identifying and supporting 80 such families in 2015 and the number has now grown to 126 destitute families in January 2026 comprising 54 widows, 48 single mothers, 9 elders, 4 physically handicapped, 2 Chronically ill and 9 single women who cannot earn to survive on their own and need support.

There are another 100 destitute refugee families that were being supported by UNHCR on a regular basis but with acute reduction in funds of UNHCR, they have stopped this Program leading to hardships for these most destitute families. COVA is trying to raise some funds for these families also if possible..

COVA undertakes review of its list every 4 months to see if any families are to be removed and if any new needy families are to be added. Removal from the list could be because of any of the following: the beneficiary has died, shifted to another city, another organization has started supporting them or single mothers have remarried. The list given below has details of 126 families that were surveyed and shortlisted by COVA till 18th January 2026. Some more families have applied and the list could go up to 140 families for 2026-27

Your donation of Rs. 25,000 (\$300) from Zakat, Sadaqua, bank interest, or general donation can help one destitute refugee family receive ration kits along with Rs. 500 in cash for sundry expenses every month. We appeal to you to adopt as many destitute refugee families as possible and share with your family and friends with recommendation to donate.

Indeed local poor need and deserve our support but there are following additional disadvantages faced by Destitute Rohingya Refugee Families:

- 1. They live in extremely deprived areas where most others- Rohingyas or Non Rohingyas - are also poor and cannot provide any help to them.**
- 2. Local poor have support from families they have worked with or know local philanthropists that is not available to Rohingya Families.**
- 3. Language Problem: most of them are not able to speak in any local language and so cannot approach others to seek help.**

Please remember 126 destitute Rohingya Refugee Families are awaiting your generosity and support to survive with dignity

Briefs Profiles of Shortlisted Families

Sno	Name of the Refugee	Destitution	Remarks
1	<p align="center">Umar Khatoon Card No: 513-22C01727 Contact No: 7815940979</p>	<p>Umar Khatoon is a 70 year old Rohingya Refugee widow born in 1954.
